SUMMARY

I am a full stack engineer seeking a junior web developer position with a keen interest in translating design to robust, fully-functioning web applications. Recent bootcamp grad transitioning from over 11 years of managerial and sales experience in real estate.

SKILLS:
Frontend: JavaScript ES6, React.js, Bootstrap, HTML5 and CSS3
Backend: Node.js,PostgreSQL, Express
Additional Skills: RESTful APIs, Unit Testing, Data Structures

PROJECTS:
Restaurant Reservation System
- Full Stack Application allows restaurant owners to create & manage restaurant reservations
- Implemented routes, middleware functionality, RESTful server architecture
- Tech: React.js, Express.js, Knex.js, Javascript

Flashcard Study Aid
- Web app allowing users to create, edit, and study with flashcards
- Applied react states, hooks, routes
- Tech: React.js, Javascript

EXPERIENCE:
TEMPLETON PROPERTY MANAGEMENT | PORTLAND, OR
Property Manager
July 2018 to January 2021
- Managed leasing and maintenance teams for a portfolio of six multifamily properties.
- Maximized income and profitability of each community.
- Promoted to assistant community manager after two months as a leasing consultant and subsequently to property manager after one year.
- Successfully leased to company's newest multifamily asset to 83% within months of lease-up

RE/MAX ESTATE PROPERTIES | LOS ANGELES, CA
Sales Professional
August 2009 to May 2018
- Streamlined processes for clients in the rent, purchase, and/or sale of properties
- Established strong sales portfolio eventually resulting in "referral-only" marketing through strong network of satisfied clientele
